

40 YEARS ON AND TANNER IS LOOKING FORWARD

Tännler of Switzerland was founded by Ernst Tännler in 1963. Today the company is run by Thomas Tännler, his son. For 40 years the company has produced fine jewellery with an international reputation. When you are 40 years old, you can either look back or look forward.

LOOKING FORWARD TO CHRISTMAS

Every year when Christmas comes around your customers start looking for something special. Tanner will be showing just the sort of pieces they, and you, are looking for to make that present a little bit different. This is just one example - a superb necklace with black and gold South Sea pearls and coloured diamonds.

LOOKING FORWARD TO SEEING YOU

*Tännler of Switzerland
and
Argento Fine Products
request the pleasure of your company
on Stand 512
at International Jewellery London 2003
from 31st August to 3rd September
to view some special new pieces;
pre-view the 2004 collection;
celebrate their 40th birthday and
10 years of our partnership.*

LOOKING FORWARD TO 2004

Tännler of Switzerland has employed a new designer, Etra Breyer-König who is preparing brand new lines for the 2004 Collection.

Throughout his life Ernst Tännler collected fine jewels. These hidden gems have fired Etra's imagination and she is using them as the basis of her new collection. She is looking forward to showing you her initial designs at Earls Court.

The 2004 collection will be launched at the Vicenza Fair in January and you will be able to see then, how these paper designs have been transformed to glorious reality.

Tännler of Switzerland is as dynamic and forward looking today as it was when it was launched - 40 years ago.
